

CERTIFICATE OF REGISTRATION

Artificial Intelligence Management System – ISO/IEC 42001:2023

Mastermind Assurance, LLC hereby confirms, as a result of its certification decision according to ISO/IEC 17021-1, that the organization maintains a management system conforming to the requirements of ISO/IEC 42001:2023

GitHub, Inc.

Scope

The certificate scope comprises the management system supporting the operations of the GitHub Copilot product offering. These activities are governed by the implemented controls that extend to the AI Developer and AI Service Provider roles in accordance with the organizational Statement of Applicability.

Statement of Applicability

Version:

February 18, 2026

Authorized By:

David Forman
Chief Executive Officer

MSCB-356

Issuance Date

March 10, 2026

Original Registration Date

March 10, 2026

Expiration Date

March 9, 2029

Certification pertains exclusively to the specified management system and does not broaden the scope of the conformity decision to encompass proprietary products, processes, or services. References to sources of controls sets applied within the Statement of Applicability do not represent certification thereof. A unique identification code incorporated in this certificate, along with the certification body's seal and the accreditation mark, must not be cited in advertisements or promotional materials tailored to specific products or services. The certified organization agrees to continue to comply with the obligations detailed within its certificate agreement and in conformity with the underlying schemes comprising the certification criteria. Mastermind Assurance, LLC maintains its operations at 44 Milton Avenue #1026, Alpharetta, Georgia, 30009, United States. This certificate of registration is issued without any explicit or implicit representations or warranties, including but not limited to assurances regarding the qualification or suitability of any particular product.
